WASHEGUM

We the Senior Class of 1953 dedicate
this yearbook to our classmate
Ronald Dagner.

PORTALS OF DESTINY

Our labors here are over. The time has come for us to depart from our High School
but we shall always remember the many happy hours we have spent here.

Class of 1953

COLORS-----pale blue and silver

MOTTO-----In Ourselves Our Future Lies.

FLOWER-----white rose

My life has touched your lives in many ways in the past four years. I pray God that the contacts we have had may have been for good and that they may in some small way help each of you on your way through life.

CLASS HISTORY

A half a score and two years ago our fathers (and mothers) set forth in this city a new class, being ignorant but dedicated to the proposition that all children should be educated.

Now we are engaged in a great period of our lives, testing whether this class of 1953 can graduate. It is altogether fitting and proper that we should do this. We consider our past record very good; and although the world will little note, nor long remember, what we have done here we will never forget. Therefore we feel obligated to tell you our history.

Now let us look into the crystal ball and see what past events can be told. It is growing clearer and clearer--AH--HA--look who can it be? Why it's the first graders. I can see Donald Corbin and Howard Lillegard but they sure are hard to find because they are so small--guess they're loud enough to make up for it though. Alvern, Roger, and Marvin are slyly following the girls namely: Sheila, Delma, Christine, and Karen.

The second grade shines through now and I see Miss Knudson trying to teach the new student Claremont, but someone is missing, it's Marvin who seems to have left us. This class is quite a group with their beaming faces and sparkling clean clothes, that is, until after recess when they look like they have never seen soap and water before.

The third grade and Marvin is back again (lonesome we guess) and he brought us a new redhead, Shirley Olson. The boys think they are teaching the girls to play marbles but most of the girls seem to be champs to begin with. The whole class is fairly driving Miss Campbell crazy, anyway.

David Tareske is the only new student in the fourth grade. They're getting up in the world now--already upstairs in Central School. Seems they have a tough time proving to Miss Saxowsky that they are very grown up.

The fifth grade brings one of our main athletes, Virginia Dahl. What a gal--she could handle Corby and Lillegard at the same time.

June, Joyce, Delano, and Wendell joined the clan in the sixth grade. The last year of the carefree days at Central School.

Worried little seventh graders in that big, big High School; but they succeeded with the additional help of Beverly and Howard Lemieux altho Karen left us.

The seventh grade passed and the eighth was upon us. Reggie and Coryne were the new classmates and Karen was back again. It seems like the main subject is Our State, learning all about North Dakota; the students, however, seem more successful in driving Mr. Opland crazy.

The great Rush of the Class of '53 came in the freshman year with 16 new students. Gene Beckman, Don. B, Ronnie, George, Carol, Patricia, Lorna, Arne, Floyd, Don Olson, Marlene, Virgil, Gene S., Eunice, Audrey, and Lloyd. What a variety. This was the year of the two algebra classes with Reggie as president of the dumb class.

The sophomore year seems to bring memories of bisecting frogs in Miss Kittelson's biology class and visiting the slaughter house in home ec. class. The new addition to the gang was Betty Grimm.

Nearing the home stretch we remember the busy happy days of our Junior year. We'll never forget the riotous English classes with instructor Timmy supervising (did I say supervising). Jack, Helen, and Vilma gave us a big boost when they joined up with us.

Of course, there were many heartaches but we struggled and finally entered our Senior year. Seniors--with big Forrest Hannesson completing our class. Busy all the time doing nothing; but always striving for those final credits. The cream of the crop in athletics, F.F.A., F.H.A., band, chorus, we have come a long way together, and now we shall graduate together.

The Junior Scrapbook of Misc. Happenings—Year of 1953

or

Where Has The Time Gone?

Busy, Busy, Still Art Thou—————
James Thomson

Mr. Thomson must have had we Juniors in mind when he wrote those lines, for this has been the busiest year we have ever had.

Anyone can tell a Junior a mile away. Have you ever noticed the wild, harried look in their eyes, a sort of furtive, slinking walk and the way they duck behind trees or ash cans whenever they see a fellow senior, sophomore or freshman coming? Of course! No Junior wants to let out the secret of the prom theme! As everyone knows, the prom is "The Event" in the life of a junior, and no chipmunk ever worked harder gathering acorns, than we juniors have been, scheming, planning, and haggling. This year we had quite a group of individualists on our prom committee (namely, Bill, Jack, Thelma, JoAnn, Margaret, Lois, Kenny, Dorothy, Bob, and Cynthia), but after many suggestions, (climaxed by a round of fisticuffs), we decided on our theme, and settled down to the comparative peace and quiet of getting decorations, banquet, and orchestra lined up.

Another big event was the Homecoming program, which was sponsored by the juniors, with Larry as Master of Ceremonies, Lois singing a solo, and a short skit put on by Cynthia, Olive, Kenny, Ordean, Dorothy, and Maynard.

Of course, we mustn't forget the play. As the heroines in the comedy, "Our Hearts Were Young and Gay", Lois and MaryAnn just fitted the parts, and Jimmy, as the French dramatic teacher, was so carried away, that we still can't understand a word he says. We mustn't forget Bob, who really stole the show with his window washing routine.

In the sports department the juniors are second to none, in fact, we wouldn't have much of a team without Jack, Bill, Kenny, Larry, Sherman, Donovan, and last, but not least, Don Kyle, our student manager. Of course cheer leaders are always connected with sports, and right here and now we'd like to put in a plug for our two junior cheerleaders, Thelma, and Yvonne, who really give their all for every game.

We couldn't begin to mention all the juniors in concert choir, sextet, and band, but believe me, they're all right in there, pouring their hearts out.

And now, the best for the last. Of course I mean education, (that which we supposedly go to school for.) We may not have any budding Einsteins in our Chemistry class, but of all the juniors taking said class, Dorothy seems to be the honored one, for rumor has it that the school, (at Mr. Anderson's suggestion,) is planning on building a separate chemistry lab for her, so that she won't endanger the lives of fellow scientists. As far as literature goes, we just don't think Jack, Larry, Kenny, and Bob will live to be great Shakespearean actors, in spite of all Mrs. Weeks efforts.

With all this talk of good times we fear the teachers will think we are neglecting our school work, so we would like to quote a famous Scotch poet, Bobby Burns, who said, "To sum up all, be merry, I advise; And as we're merry, may we still be wise."

SOPHOMORE CLASS

We can truthfully say there is nothing dull about the progressive seniors of '55. The teachers vouched for that all year.

Throughout the whole year Miss Kittleson was at her wits end. She said all our biology drawings were so realistic--modern art you know.

It appears we have a genius among us too. Allan Lundy claims he is one of the three persons in the United States who knows the formula for making coke.

English took up either first or third period. Verbs and diagramed sentences were our downfall, so Mrs. Weeks claimed.

Fourth or eighth period history depended on whether you were a member of the band. Miss Stewart said she felt five years older after the two weeks of studying inventors. Oh well, we still say Marconi invented the reaper. Napoleon was our favorite history character, dignified, so Johnny Johnson says.

The Home Economics girls really gave Miss Herigstad the run around, especially during refinishing week. Old varnish and paint was removed, and tables and chairs sanded and revarnished. Janis Gonitzke said putting alcohol in the steam iron to iron curtains worked fine. It took the curtains a week to stop waving around.

Mr. Holwell reported that the Ag. boys did well especially after the Home Ec. girls were through refinishing--Thanks for all the sanding you did for us, boys.

Many of the soph. boys were active in F.F.A. and took part in observing National F.F.A. Week by presenting a special program. Allan was one of the chief entertainers but he reports he has not received any radio or television contracts.

In music class everyones attention was held by Mr. Skar and his jokes. Now he is even giving nickels to people who laugh at them.

As you see we never have a dull moment as we look forward to our future graduation day.

A PEEK AT THE FRESHMEN

We freshmen are hoping to be in future years the "big wheels" of these Portals of Destiny.

Yes, like any other class we have a gay side a serious side--our athletes and our brains.

Our class had sixty-one pupils--seven more boys than girls. We'll leave it up to you to figure out the numbers--by algebra, of course.

Ah! Yes! Algebra! Our intentions at the first of the period are for algebra but we usually end up talking about anything but.

I suppose we should mention something about our class members before we discuss our different classes so here goes. About forty of us attended the eighth grade in Bottineau last year, the rest of us being from Omamee or the country. Our class officers are: Pres.--Duane Arthur; V. Pres.--Bobby Gagner; Sec.--Jean Jacobson; Treas.--Kenny Lillestrand. Our class meetings are held in the study hall if its at all possible, since its rather crowded in the classrooms. Miss Stewart and Miss Kittleson are the poor souls who have to advise us, and its really quite a job.

Now, lets discuss our classes. "'Ladies' First" so we'll tell you about home ec. Our new teacher, Miss Herigstead, assigns us certain duties, and to quote a student, "Some of us do them."

Next Vocational agriculture or "Ag". We boys have our good times, as during tests or when Larry has a "hangover," not the usual kind.

And general science and Latin! When a general science student has a report or a hard test he envies Latin students but the situation is reversed when G. S. students brag about having movies and experiments.

Oh! We can't forget music. Fourteen of us belong to band. It's really fun when Mr. Opland gets going. And when he and Mr. Skar get together!

That brings us up to chorus. Mr. Skar can pull some real "dillies" but we try to work hard. We have some members in concert choir too; when we're seniors we hope to be the whole choir.

Now English. We try to memorize our poems, act out our plays, and study our lessons, but it seems as though we forget to once in awhile and get moved.

And last, but not least is physical education. Most of us take advantage of this opportunity to let off steam after sitting (or sleeping) through classes all day. Seven of us boys made the football team, five made the basketball team, and quite a few go out for track, so we have a fairly good beginning to become the "big shots" in Bottineau High School athletics.

Before we close, we would like to mention that we will miss you, Mr. Anderson and Mr. Opland.

This, then, completes the report of the Seniors of '56.

CLASS OF 1956

President-----Duane Arthur
 Vice President-----Bobby Gagner

F. H. A.

The 1952-53 F. H. A. Chapter of Bottineau High School started its year's activities by holding a candle light ceremony for degree earners, and initiation for new members.

At one of our earliest meetings we chose Mrs. Leo Bergeron as chapter mother for the forty-five members of our chapter.

In October our chapter was host to the district II F.H.A. rally. Nine other chapters were represented at this rally. Our candidate for a district or state office, Harriet Johnson, was chosen vice president of projects, a state office.

In November the F.H.A. girls served at the F.F.A. Parent-Son Banquet. In appreciation of our work the F.F.A. took our chapter on a skating party. This was our chance to beat the boys at something and we out-skated them throughout the whole evening.

February came with the need for some excitement in the school so we planned a game party. Everything went off very well and the evening was topped off with the pie eating contest. Bob Norwood, proved to be the greediest student and took the honors of champion.

As one of our projects we made eight pair of pillow cases and sent to Camp Grassick, a crippled children's summer camp.

For money making projects, we always seem to need a little extra cash, we sponsored several candy sales and we sold ice cream and other lunches at the grade basketball tournament.

Harriet Johnson and Lorna Indvik attended the State F.H.A. convention held at Fargo. Miss Hergstad accompanied them and we know a good time was had by all.

The closing activities for the year were our annual picnic, getting our degrees, and installation of our new officers. It was a very successful and happy year for the Bottineau F.H.A. chapter.

Our chapter started out with a bang this year by receiving many awards at the State Convention in Fargo, N. Dak. We were named first in the Farm Safety Contest (\$100); first in Fire Prevention (\$100); Wendell Larson received \$100 for being named the Star Dairy Farmer; and Ronnie Brandvold and Reggie Gorder attained the State Farmer degree. David Tareski received second place in the Farm Mechanics contest and Howard Lemieux second in the Farm Electrification contest. Gene Schniederman was a member of the state chorus and Ronnie Brandvold and Reggie Gorder of the state band. It is easy to see that we started the year with an ideal group and that our goals were the highest.

The chapter then entered the regional Farm Safety contest. In October we received word that we had won the regional and, or, the National Contest. Mr. Holwell, Floyd Larson, Donald Boguslawski, Virgil Rude, Ronnie Brandvold, and Reggie Gorder went to the National Convention at Kansas City, Mo. On the award night, our chapter was declared the National Farm Safety award winners. We received \$250 along with the honor of being chosen. This also proved the fact which the F.F.A. boys are always trying to put across, namely, that we are a top notch group and someday we are bound to be the greatest farmers of all.

In December the chapter sponsored a Parent and Son Banquet. The F.H.A. girls served for us. In return we put on a skating party for them and the pleasure was all ours to be sure.

The Bottineau chapter won first place in the District F.F.A. basketball tournament at Towner.

The chapter entered many contests in 1953. We had three entrees for the State Farmer degree; we entered the fire prevention and rat control contests as a chapter project and had entrees in the Farm Mechanics, Farm Electrifications, Soil and Water Management, and Star Dairy Farmer contests.

Summing up this year's achievements, we would declare it a very successful one especially after winning an award on the National scale.

NEWS OF THE "LONG HAIRS"

The members of the Bottineau High School Band have worked hard again this year and even though we came out second best in the annual District Contest, we feel that we have accomplished something in working on the Finale from Symphony No. 1 by Saint-Saens and using it in competition with the various other bands.

As soloists this year we had George Carbonneau, Karen Nelson, and Audrey Jones. Besides this we had woodwind, brass, and percussion ensembles to compete at contest time and to add to our concert entertainment.

Our program consisted of several concerts this year including a Christmas concert with the chorus and a "Pop" concert which we tried for the first time and really enjoyed taking part in. As one of the features we did "Peck Horn's Revenge" with Forrest Hannesson as the narrator.

We gave an exchange concert with Rugby in which we presented a lyceum program there in the afternoon and they gave an evening performance for us.

Each member now has his own band jacket with a purple and white emblem to wear while playing in pep band, as proof that we are proud to be members of the band and to add snap and color to the scene wherever we are.

We are losing Mr. Opland this year as he has accepted a position in Bismarck. Although we are sorry to see him leave, we wish him success in his new job.

It may be that the remainder of the students don't appreciate us fourth period when the members of the band get together to practice but we believe we are learning something new every day and having fun no matter whether it is squeaks, discords, or beautiful music that we produce. We are learning to work together in preparation for the life that lies ahead of us. Band is a place where everyone works according to his ability for the good of the whole and where everyone is concerned with what the other person does.

CALLING ALL MONOTONES

Every afternoon, sounds of music and great explosions of laughter tell us that the high school music classes are in session under the direction of Harlan Skar, our music teacher.

This year is Mr. Skar's first year of teaching in Bottineau High. It has proved successful and a lot of fun.

The Concert Choir started out the year by sponsoring a pie social at the Central School; the proceeds of which helped pay for fifty new choir gowns. The evening was brought to a climax when a few of the boys collected over seventeen dollars for a pie (lemon meringue) which was thrown in Mr. Skar's face.

This year, as is done every year, the Girl's Chorus and Concert Choir, together with the band, gave our annual Christmas Concert at Thatcher Hall.

At District Contest, the Concert Choir sang "Almighty God" by Will James and "Go Not Far From Me" by Zingarelli for which it received a rating of Superior.

Before the end of the school year, the choruses plan to make a trip to Canada, where a concert will be given, and give a spring concert to end the term.
